

When Things Seem Impossible

2 Corinthians 4:7-18

- The biggest hindrance to Christ living His life through me is self
- I must be broken and emptied of self
- God hedges me in, so I have to trust Him
- If my faith is to be proven genuine, it must be tested
- Our lives are to demonstrate that we have died with Christ and are raised with Him
- God brings us to the end of self through adversity
- Death to self produces spiritual life in others
- What I believe affects what I say. Psalm 116:1-11
- Nothing can touch me without God's approval
- My new nature is being renewed from day to day
- Life's trials teach me to cast myself on the Lord
- My afflictions produce an eternal weight of glory
- The things we can't see are eternal
